Description

Villa with distant sea views in Camp de Mar. The large plot has a house built already, and offers a new project with license and the possibility to extend the existing building. The house is located in a very exclusive area in Camp de Mar, within walking distance to the beach and the golf course, and has all utilities (water, electricity, sewage) at street level. The Port of Andratx is just a 5-minute drive. This is a great investment opportunity in the area of Andratx, in the southwest of Mallorca
